

# STAR Note Reading books - Test your students!

If a student is past the Primer Level, start on SAY AND PLAY SHEET #1. Time the student saying the notes and playing the notes.

If the student cannot say and play SHEET #1 and SHEET #2 in 15 seconds or less, and therefore does not know the five treble clef notes from middle C up to G and the eight bass clef notes from middle C down to bass C, then start with *Mister Bass Clef® teaches Note Reading Primer Level Review*.

If the student passes SHEET #1 and SHEET #2, then go on to SHEET #3.

If the student cannot say and play SHEET #3, SHEET #4 and SHEET #5 in 15 seconds or less and therefore does not know the twelve treble clef notes from middle C up to high G and the twelve bass clef notes from middle D down to low G, then start with *Mister Bass Clef® teaches Note Reading Level 1*.

If the student passes SHEET #3, SHEET #4 and SHEET #5, then start with *Mister Bass Clef® teaches Note Reading Level 2A*. Level 2A will review all the notes learned in Level 1 and add treble clef B below middle C and bass clef E above middle C.

*Mister Bass Clef® teaches Note Reading Level 2B* is a review of all the notes in all twelve 5-finger major and minor positions.

For students to feel they are succeeding, start in a lower level and focus more of the student's lesson and their assignment on note reading to quickly catch them up.
